FROM THE VICE-RECTOR: CANON JEAN-BAPTISTE COMMINS

Dear faithful,

In the name of the Rector and of all the members of the Shrine of Christ the King, we would like to wish you all a very happy and blessed Easter! May the joy of the promise of a Redeemer, of the fulfillment of this Divine Promise and of His Glorious Resurrection, fill your hearts!

We are so grateful for the many sacrifices you have done for the Shrine, for its restoration, its growth and its unique spirit. You can now see in a more visible way that your many prayers, sacrifices and offerings are bearing their fruits with the replacement of our first truss!

Wholeheartedly, Thank You!

## RESURRECTION FROM ASHES CAMPAIGN: RESTORATION UPDATE

Busy week at the Shrine. New Truss No.1 is installed. The truss was assembled on 64th street. An all-terrain hydraulic lift situated was on 64th street and ready to lift the truss. A spreader bar was attached at two center points at the top of the truss. The spreader bar allows the truss to be lifted with equal weight on each side. Each end of the truss had a tag line and one or two men to hold the line and guide the truss.

The crane slowly started to lift the truss up and then the men used the tag line to rotate the truss in a north south direction, same direction for install in the church. The truss was then hoisted up over the wall. Inside the church were two Genie lifts with two men in each bucket ready to receive the truss.

Once the south end of the truss was over the north wall, the tag line was handed off between the men on the ground and the men inside up in the lifts. The truss continued to move south and lined up with the columns below. The men in the lifts continued to hold the tag line to control the ends of the truss to line the truss up with the columns below. Once in align, the truss was lowered on to the columns.

The use of walkie talkies is used to communicate between the ground team, the crane team and the team in the genie lifts.

Once Truss one was set on the columns, the team connected the truss to the columns and then added a temporary brace at the ridge of Truss No 1 to Truss No 2, to hold it in place for the night. Once stable, the spreader bar and crane were released from the truss.

Work continues this week securing Truss No 1 to the west wall with the installation of the purlins. Old Trusses 2 and 3 are already on their way out ...!

## GETTING TO KNOW OUR

Welcome to the Institute of Christ the King Sovereign Priest, an international religious community with over 90 apostolates worldwide whose aim is the defense and propagation of the reign of Christ in all areas of human life. The Shrine of Christ the King, Provincial Headquarters of the Institute and Chicago architectural landmark, has maintained its presence in the Woodlawn community since 2004, but sustained significant damage after a 3-alarm fire on October 7, 2015. All Masses are offered in the St. Joseph Crypt Chapel (6415 S. Woodlawn Ave), where St. Benedict's social hall is located on the lower level of the Priory. A parking lot is available adjacent to the rectory.

### *To access St. Joseph Crypt Chapel:*

- **Back entrance behind the Priory from the parking lot, down the ramp.**
- **Gate and staircase, accessible from Woodlawn Ave. Between Church & Priory**
