## FROM THE RECTOR: CANON STEIN

Dear Oratory Faithful,

It is already 3 weeks since our Year 2 Historic Renewal Campaign Launch. I encourage you to discern and to commit to a Pledge. **A pledge provides both order and consistency to contributions and this regularity allows the Parish to advance in restoration projects with a matching regularity.** You may do this either through envelopes or online with automatic withdrawal. [www.HistoricRenewal.com](http://www.HistoricRenewal.com) Thank you again for your generosity!

**Steeple Update:** The workers have successfully removed all of the old wood underlayment of the entire first section of the spire and have already installed the new wood underlayment and felt. The slate order is now on site. The new copper is receiving the “patina” treatment to become a matching green to the original copper. In this update you see three “layers” of restoration: wood underlayment, slate, decorative copper. St. Joseph, pray for us!

*Ite ad Joseph!*

### Historic Renewal Campaign Prayer

Glorious St. Joseph, spouse of Mary, grant us thy paternal protection, we beseech thee by the heart of Jesus Christ. O thou, whose power extends to all our necessities and can render possible for us the most impossible things, open thy fatherly eyes to the needs of thy children. In the trouble and distress which afflicts us, we confidently have recourse to thee. Deign to take under thy charitable charge this important and difficult matter, cause of our worries. Make its happy outcome be for God's glory and for the good of His devoted servants. Amen.

### Did you know?

... that Albert the Great, or in Latin *Albertus Magnus*, was also known during his lifetime as *Doctor Universalis* and *Doctor Expertus*. He was the greatest German philosopher and theologian of the Middle Ages (the “dark ages”). Born in 1193, Saint Albert lived for 87 years during which he wrote on topics such as logic, theology, botany, geography, astronomy, astrology, mineralogy, alchemy, zoology, physiology, phrenology, justice, law, friendship, and love. He was the first to comment all of Aristotle's works, gleaned from the Latin translations and notes of the Arabian commentators. Even though he was known as a scientist, philosopher, astrologer, theologian, spiritual writer, ecumenist, and diplomat in his lifetime, he is best known as the teacher of Saint Thomas Aquinas. His feast is on November 15.
