## INSTITUTE OF CHRIST THE KING SOVEREIGN PRIEST

## Let us respect the dress code!

We must be renewed. We must be re-created “according to God in justice and holiness of truth.”

That is to say that for the love of God, we must deal with our neighbors in an honorable way: always speaking truth, never being angry for long, never taking what belongs to others, always working productively in order to relieve the needs of those who lack the necessities of life.

Here is the “wedding garment” we have to wear—the only garment that will prevent us from being cast “into the exterior darkness “where there shall be weeping and gnashing of teeth.”

We must wear the wedding garment of God’s love!

Have a good week!

Canon Antoine Boucheron

# October - The Month of the Holy Rosary

The Catholic Church designates October as the Month of the Holy Rosary. During this month the faithful venerate the Blessed Virgin Mary especially under her title of Our Lady of the Rosary, and make a special effort to honor the Holy Rosary with group recitations and rosary processions.

## The Origin of the Rosary

Since the Holy Rosary is composed, principally and in substance, of the Prayer of Christ and the Angelic Salutation, that is, the Our Father and the Hail Mary, it was without doubt the first prayer and the first devotion of the faithful and has been in use all through the centuries from the time of the Apostles and disciples down to the present.

But it was only in the year 1214, however, that Holy Mother Church received the Rosary in its present form and according to the method we use today. It was given to the Church by Saint Dominic who had received it from the Blessed Virgin as a powerful means of converting the Albigensians and other sinners.

## As described in well-known book "De Dignitate Psalterii" by Blessed Alan de la Roche.

Saint Dominic, seeing that the gravity of people's sins was hindering the conversion of the Albigensians, withdrew into a forest near Toulouse where he prayed unceasingly for three days and three nights. During this time he did nothing but weep and do harsh penances in order to appease the anger of Almighty God. He used his discipline so much that his body was lacerated, and finally he fell into a coma.

At this point Our Lady appeared to him, accompanied by three angels, and she said:

"Dear Dominic, do you know which weapon the Blessed Trinity wants to use to reform the world?"

"Oh, my Lady," answered Saint Dominic, "you know far better than I do because next to your Son Jesus Christ you have always been the chief instrument of our salvation."

Then Our Lady replied:

"I want you to know that, in this kind of warfare, the battering ram has always been the Angelic Psalter which is the foundation stone of the New Testament. Therefore if you want to reach these hardened souls and win them over to God, preach my Psalter."

So he arose, comforted, and burning with zeal, for the conversion of the people in that district he made straight for the Cathedral. At once unseen angels rang the bells to gather the people together and Saint Dominic began to preach.

At the very beginning of his sermon an appalling storm broke, out, the earth shook, the sun was darkened, and there was so much thunder and lightning that all were very much afraid. Even greater was their fear when looking at a picture of Our Lady exposed in a prominent place they saw her raise her arms to heaven three times to call down God's vengeance upon them if they failed to be converted, to amend their lives, and seek the protection of the Holy Mother of God. God wished, by means of these supernatural phenomena, to spread the new devotion of the Holy Rosary and to make it more widely known.

At last, at the prayer of Saint Dominic, the storm came to an end, and he went on preaching. So fervently and compellingly did he explain the importance and value of the Holy Rosary that almost all the people of Toulouse embraced it and renounced their false beliefs. In a very short time a great improvement was seen in the town; people began leading Christian lives and gave up their former bad habits.

## Saint Thérèse of Lisieux

### Secondary Patron Saint of the Institute of Christ the King

Patroness of all foreign missions and patroness of France

Saint Thérèse of Lisieux, born Marie Françoise-Thérèse Martin, also known as Saint Thérèse of the Child Jesus and the Holy Face, O.C.D., was a French Catholic Discalced Carmelite nun who is widely venerated in modern times.

### Wednesday, October 3 - 8:00am Mass

*"I prefer the monotony of obscure sacrifice to all ecstasies. To pick up a pin for love can convert a soul."*

St. Therese of Lisieux (1873-1897) was the last of nine children born to Saints Louis and Zélie Martin in Alençon, France. Her family was devoutly religious, and all five surviving siblings, all daughters, entered the convent. From an early age Therese desired to give herself totally to Jesus. Her happy childhood gave way to trial following the death of her mother when she was four years old. This event changed her personality from merry and bright to withdrawn and sensitive. She also suffered a strange illness that brought her near death. Her sisters prayed for her recovery, and Therese was completely healed after she saw the Virgin Mary statue in her room smile down on her. Just before her 14th birthday, on Christmas Eve, Therese had a mystical experience of the Child Jesus. Her sensitiveness disappeared and her faith was greatly fortified. She attended daily Mass with her father and cultivated her strong desire for the salvation of souls. At the age of 15 she obtained special permission to enter the Carmelite convent in Lisieux where two of her sisters were professed. Recognizing her youth and weakness, and unable to do the great things for God in the world that her heart desired, she determined that she would follow the path of spiritual childhood at the feet of Jesus, as his "Little Flower", and instead focus on small acts of kindness for love of Jesus and interior acts of self-denial, a spirituality called "The Little Way." Therese died of Tuberculosis at the age of 24, and her high degree of holiness was discovered through her autobiography, *Story of a Soul*. Her "Little Way" became profoundly influential around the world, and although she was not a learned scholar, her deep theological life caused Pope St. John Paul II to declare her a Doctor of the Church. She is the patron against sickness, tuberculosis, and loss of parents, as well as of pilots, air crews, florists, missionaries, and the sick. St. Therese of Lisieux's feast day is October 1st.
